Complete financial freedom in years, instead of decades!

Our flagship product, the **Financial Freedom Society**, will help you to become 100% free of **all debt**, AND fully prepared to retire in years, not decades.

People fail to measure up to their wonderful potential for one reason...**low-productivity**.

Our level of productivity is determined by how well we manage time and money...**That's it!**

Shockingly, none of us were ever taught in school the staggering power of time and money. And, obviously, we were never taught how to properly manage either one.

Here is a quote from the founder of the Financial Freedom Society that is a **profound** statement that shows the correct relationship between time and money:

"We don't need the lottery, or get-rich-quick schemes. All of us already own a **goldmine**. To get our gold, all we have to do is properly manage our time... to keep our gold, all we have to do is properly manage our money.

By properly managing our time we will have all the money we need...by properly managing our money we will have all the time we need."

Kelly L. Reese, Founder
Financial Freedom Society

Membership in the Financial Freedom Society gives you everything you need to wisely manage your time and money, which will yield levels of personal productivity that will shock you.

Every significant achievement in history was a direct result of combining **specialized knowledge with specialized tools**. That is exactly what you get as a member of the Financial Freedom Society.

You get the most specialized training and tools for managing money and time that have ever been developed. And, the cost-recovery bonuses will pay for most, if not all, of the small \$25.00 monthly dues, which, practically speaking, makes the Society membership free... yet, your Society membership could easily be worth hundreds of thousands of dollars to you.

The Financial Freedom Society is made up of thousands of individuals, businesses, employees, Colleges, charities, financial professionals, preachers, teachers, doctors, dentists, and on and on. Thousands of men and women,

from over 150 countries, have joined the Financial Freedom Society.

To **quickly discover** why membership in the Financial Freedom Society is literally transforming lives all over the world, take the following two steps.

- ▶ Like many large companies today, Retire Quickly Corporation uses all three distribution methods to sell Financial Freedom Society Memberships. There are many exciting and very natural ways for you to benefit from any or all three.

NOTE: As an Independent Representative you are automatically setup for all three, and our accounting system will automatically process any and all business you generate.

Here are a few simple examples to illustrate each distribution method.

1. **Direct Customer Sales**

- Sell a membership to a friend or relative - you earn 42% every month
- Sell one or many memberships to a business for their employees to use at work and at home - you earn 42% every month for every membership

2. **Affiliate Customer Sales**

- Enroll an individual as an Independent Representative - they sell one or more Society memberships - you earn 17% every month for every membership
- Enroll a financial Advisor in the Financial Advisor's Program - they sell one or many memberships to a business client for their business and memberships for their employees to use at work and at home - you earn 17% every month for every membership
- Enroll a charity in the **Partners for Philanthropy Program** - the charity sells one or many memberships to their donors and supporters - you earn 17% every month for every membership

3. **Network Sales**

- Enroll a financial advisor in the Advisor's program, who enrolls another financial advisor - they sell one or many memberships to a business client for their business and memberships for their employees to use at work and at home -you earn 6% every month for every membership...the advisor you enrolled earns 17% and the advisor they enrolled earns 42%
- Enroll a friend or client who is interested in owning a good business - they purchase a Society membership and sell memberships to customers and enroll others as Reps who also purchase society memberships
- In the networking distribution method there is the potential for significant income solely from the **society memberships purchased by Reps** below you.

You may have no interest in the networking form of distribution. If you do, take a moment with the **Income Calculator** below. The calculator only indicates income from the personal Society memberships purchased by Reps below you.

It does NOT include any income from **1) DIRECT CUSTOMER SALES, 2) AFFILIATE CUSTOMER SALES** or **3) ANY BONUS INCOME** - **NOTE: All bonuses are available without participating in the networking distribution method.**

Alliance Selling

Alliance Selling is the easiest and most powerful way to sell products and services. It is a new method which Retire Quickly Corporation has engineered - and no other company has it.

As sophisticated as the Alliance Selling™ support system was to engineer and create, it is simple to use. Every aspect is Internet driven, highly automated, and paperless.

The #1 cause of business failure is poor cash flow - which is caused by poor sales.

Millions of men and women have attempted one or more income opportunities and failed. They failed because they couldn't or wouldn't sell.

Alliance Selling™ Solves This Problem!

Alliance Selling is the creation of an alliance between yourself and another individual or organization, where the other individual/organization has:

- sales ability and skills that you yourself may not have, and
- a large natural market of prospects who need or want your service.

In short, **You Create the Alliance....They Do the Selling!**

Alliance Selling™ Requires Four Things:

1. **A product or service** which NATURALLY invites alliances.
A Financial Freedom Society membership is an ideal service for Alliance

"I have been with Retire Quickly since the very first day it opened for business in 1999. I have always appreciated their honest, no-nonsense approach to business.

They provide great training and treat their Reps with genuine respect and concern.

They are truly in a league of their own."

Selling™.

2. **A pay plan designed specifically for Alliance Selling.**

The QuickMax™ Pay Plan meets all the following requirements.

- An extremely generous pay out.
- A Direct customer sales commission component.
- An Affiliate customer sales commission component.
- A Multi-level sales commission component.

1. **Company provided Sales Alliance Programs which:**

- Can create MANY natural alliances for you to work with
- Provide the presentations and websites needed to create the alliances themselves
- Provide the presentations and websites needed to sell Financial Freedom Society memberships.

2. **Alliances which can work together to produce spectacular power.**

Our six sales alliance programs can create MANY natural two-way alliances; but they can also create alliances with other **existing** alliances, for even more spectacular power.

Our Six Powerful Sales Alliance Programs:

1. **Financial Advisors Program**

You create an alliance with any financial advisor (CPA, Insurance, Investments, Attorney, Real Estate, Banking, Financial Planner, etc.)

2. **Partners for Philanthropy Program**

You create an alliance with any non-profit or charity

3. **Business Excellence Program**

You create an alliance with any business - for the benefit of their employees

4. **Financial Wellness Program**

You create an alliance with any business whose customers would be interested in Financial Freedom Society membership (Includes almost every business)

5. **Good Steward Program**

You create an alliance with any business whose customers are spiritually-minded (example: a religious bookstore or any business that operates as a faith-based business)

SPECIAL NOTE: Good Stewardship would not be offensive to anyone in any religion that teaches a responsibility to wisely use God's blessings. This includes every major religion in the world.

6. **Home Business Program**

You create an alliance with any individual or business interested in building a home business.

The first five Sales Alliance Programs focus on selling Financial Freedom Society memberships. This program places the focus on building a team of entrepreneurs, who will then use one or more of these six programs to build their Retire Quickly business.

Examples of Alliance Selling™

Note: The numbers shown below are hypothetical only, to show how our pay plan works. Your actual earnings will be a direct result of your efforts. Also, the number of Society memberships sold in the examples below are NOT minimum requirements. They are just examples. Commissions would actually be earned on any number of

memberships sold - even just one.

Example 1: Partners for Philanthropy Program

Step 1: You enroll a non-profit organization

Step 2: The non-profit organization then sells Society memberships to 4,000 of its donors and supporters

RESULTS:

The non-profit organization earns over **\$40,000 each month**, plus they would earn **\$166,000** from the sale of 4,000 eCourses (an eCourse is included with each Society membership).

YOU earn over \$16,000 every month.

You created an ALLIANCE with the charity/non-profit organization by enrolling them as a **Partner for Philanthropy**. The non-profit group then promoted membership in the Financial Freedom Society and everyone WON!.

YOU WON ... THE NON-PROFIT WON ... THE SUPPORTERS WON!

Example 2: Financial Wellness Program

Step 1: You enroll any type of business as an Independent Representative of Retire Quickly Corp.

Step 2: The business then sells Society memberships to 500 of their customers/clients.

RESULTS:

The business earns over **\$5,000 each month**, plus they would earn **\$20,750** from the sale of 500 eCourses (an eCourse is included with each Society membership).

YOU earn over \$2,000 every month.

You created an ALLIANCE with a business by enrolling them as an Independent Representative of Retire Quickly Corporation. The business then sold Financial Freedom Society memberships and everyone WON!.

YOU WON ... THE BUSINESS WON ... THE CUSTOMERS WON!

Example of Alliance Selling™ - with multiple alliances

Example 3: Financial Advisors Program

Step 1: You enroll any financial advisor (CPA, Insurance Agent, Financial Planner, etc.)

Step 2: They enroll any non-profit as a Partner for Philanthropy.

Step 3: The non-profit then sells Society memberships to 4,000 donors and supporters.

RESULTS:

The non-profit earns over **\$40,000 each month**, plus they would earn **\$166,000** from the sale of 4,000 eCourses (an eCourse is included with each Society membership).

The Financial Advisor earns over **\$16,000 each month**

YOU earn almost \$6,000 every month.

You created an ALLIANCE with a Financial Advisor by enrolling them as an

Independent Representative of Retire Quickly Corporation.

The Financial Advisor created a second alliance by enrolling a charity/non-profit organization as a Partner for Philanthropy.

The charity then sold the Financial Freedom Society memberships to its donors and supporters.

YOU WON ... THE ADVISOR WON ... THE CHARITY WON ... THE SUPPORTERS WON!

Here are some important facts about the **Alliance Selling** examples above:

- There are literally hundreds of thousands of possible alliances.
- No bonus commissions were included in any of the above income examples.
- No commissions were included for Customer sales that you might make.
- No commissions were included for building a multi-level sales team

If you choose to take advantage of the multi-level commission component of the QuickMax™ Pay Plan, there is the potential for significant additional income.

You may have no interest in earning commissions by building a multi-level sales team, and that's perfectly fine; however, if this does interest you, take a moment with the **Income Calculator** below.

As long as you enter reasonable numbers, the calculator is very conservative. It shows only those commissions paid on Society memberships purchased by representatives below you (for their personal use).

It also makes the following additional conservative assumptions:

- You have formed **NO** alliances that produce any sales at all.
- You do **NOT** personally sell a single Society membership.
- Your downline representatives do **NOT** sell a single Society membership
- You do **NOT** qualify for any bonuses.

You may need to be online to view the above (blank) ActiveX feature.

Alliance Selling levels the playing field for the average non-sales oriented man or woman who desires to build a significant business income.

Welcome to the Financial Freedom Society's 1: Financial Helpline

You should always get expert financial guidance for significant financial decision or problems, because it will save you time and money...quite possibly a lot of time and money.

Can I afford it? Absolutely...the Financial Helpline is one of the **core benefits** of Society membership. You receive **Unlimited Financial Guidance** at no extra charge.

Financial Guidance is just a **toll-free phone call or email away** for US members and just an email or long-distance phone call away for International members.

Who do I ask? As a Financial Freedom Society Member, you ask our team of financial planners and consumer experts.

Will they try to sell me something? Absolutely NOT! The Financial Helpline does NOT sell anything. They only provide expert, objective, and unbiased financial guidance.

What can I ask? Society Members can receive guidance on the following topics plus **many more**:

- Surviving loss of income or the loss of your job.
- Locate great deals on cars.
- Save thousands of dollars by finding a better mortgage.
- Is credit repair for real?
- What's a reverse mortgage?
- What's the difference between an education IRA and a section 529 plan?
- Should I borrow from my 401K to payoff my credit cards?
- Should I contribute to a Roth IRA instead of my employer's 401K plan?
- Should I buy a used or new car?
- Should I consolidate my debts?
- Where can I find easy to understand investment advice without the Wall Street hype?
- How do I respond to creditors
- Should I refinance my mortgage?
- How do I prepare for the unexpected

The Financial Helpline could save you tremendous heartache and stress and many thousands of dollars.

Everyone needs personalized, objective, and unbiased financial guidance...**now, everyone can afford it!**

The **Financial Helpline** alone is worth far more than the \$25 Society

Membership Fee, but we have barely begun...there are more exceptional benefits.

"Eloquently written... Simply executed... and should definitely be on the 'Best-Sellers' list! This is my personal view of the "How to Retire Quickly" eCourse, one of many benefits of 'Financial Freedom Society'

Welcome to the Financial Freedom Society's **2: Learning Center**

Learning how to retire quickly requires some very specialized education that isn't taught in school or available in bookstores.

Your **Learning Center** provides that specialized education in the following:

1. [How to Retire Quickly eCourse](#)
2. [Financial Library](#)

"HOW TO RETIRE QUICKLY" eCOURSE

The "**How to Retire Quickly**" eCourse provides the core education in Quick Retirement Methods. The price is a one-time **\$50.00**.

Sold in over 150 Countries, this eye-opening course was written by Kelly L. Reese - Chartered Financial Consultant, Founder of the Financial Freedom Society, and President of Retire Quickly Corporation.

Kelly teaches his proprietary 3-part formula for retiring debt-free in 10 to 15 years. He has condensed 30 years experience as a financial consultant and the building of three multimillion dollar businesses into one of the most brutally honest books ever written on financial freedom.

membership.

While the burden of debt rises for most people each month, they do not consciously realize why this is happening to them and what they can do to avoid it. The e-Course explains what steps you need to take, to regain control of your finances.

I am a product of the eCourse and a walking testimonial of its power. Everyone should know about the "How To Retire Quickly" eCourse, and should adopt its teachings into their lifestyle.

The eCourse is a true blueprint for early retirement and financial stability in later life and that tends to come sooner than many young people think... Debt can become a vicious and unrelenting circle. You want more, you work more. The more you have, the more you want. It's the quality of your life that ultimately suffers for your wants. What about your needs? The e-Course brilliantly uncovers the reality.

Personally speaking, I am much better off now than I have ever been, solely because of the advice contained in Kelly's e-Course and the implementation of that advice into my lifestyle. No longer a slave to materialism, and no intentions of returning there either!"

-- Michael
Fowler, M.B.A.

This online course has 14 Lessons that you can listen to and read online, or print to read offline.

Tens of thousands of men and women from all over the world are applying Kelly's ingenious approach to financial freedom.

Highly acclaimed by CPAs, MBAs, other financial professionals, preachers, College Deans and Professors, this eCourse is a must read.

Here are a few additional things that the eCourse teaches:

- How to get out of debt and stay out of debt using our "12-Month Money Diet" and our "Debt-Reduction Avalanche" techniques. Put these techniques into practice and you will alter your life forever.
- How to take control of your finances and build close family relationships that can bring enduring happiness to you and your loved ones using our "Family Summit" meetings.
- How to achieve exceptional success in business by "copying" top entrepreneurs.
- How to produce exceptional rates of return by investing in your business.
- How and why to pursue residual income instead of pursuing wealth.
- How to find the ONLY source of motivation.
- How to help finance your business by reducing insurance premiums enough to finance a business.
- How to enjoy an easier and much higher quality of life by becoming a "Virtual Millionaire".
- How to live a \$100,000 lifestyle on less than \$50,000 a year.
- How to avoid common investment mistakes.
- How to protect your assets and avoid six mistakes that threaten life savings.

FINANCIAL LIBRARY

Our **Web-based Financial Library** is an enormous database of objective, easy-to-read articles and fact sheets.

Example topics: Automobile, Debt Management, Tax information, Insurance, Family, Home, Consumer Matters, Eldercare, Retirement, Savings Strategies and more.

It is knowledge that can turn today's dreams in tomorrow's reality, but you must learn the correct information... your **Learning Center** contains that **correct and priceless information**.

"I have devoted a major part of my life to education - I have a Master's Degree in Science Education from Harvard University and a PhD in Mathematics Education from the University of South Florida.

Nowhere in my education was I ever taught the priceless information that Kelly Reese teaches the members of the Financial Freedom Society.

This is a significant weakness in the educational systems of the world, because time and money management are core principles for living that we all need to know."

Key Reason 2: Our Mission

Hopes and dreams are being destroyed for millions of people around the world because we were never taught how to manage our money or our time.

The result is snowballing debt, bankruptcies, business failures, divorces in record numbers and destroyed retirement dreams.

We aren't talking about statistics. We are talking about real people...millions of them. In fact, you know some of them.

Our mission is to help as many of those people as humanly possible. A Membership in the Financial Freedom Society can help stop their suffering and restore their dreams for about 80 cents a day.

Key Reason 3: Products With Powerful Business Advantages

As a consumer or customer we want products that provide excellent value. However, for the business that sells the products, **that is NOT good enough!** They need products that ALSO provide **powerful business advantages**, but most do not.

Our products DO give you **five business advantages** of exceptional power:

1. [Massive Market](#)
 2. [Cost-Recovery Products](#)
 3. [Tax Deductible Products](#)
 4. [Simple Product Line](#)
 5. [Passive Residual Income](#)
-

Massive Market

- **Financial Freedom Society Membership is ideal for:**
 - Improving the productivity of employees at work and at home
 - A fundraiser for charities and non-profit organizations
 - A business enhancement package for small business owners
 - Financial Advisors to sell to their customers
 - Anyone who feels responsible for being a good steward of money and time
 - Hundreds of millions of individuals around the world who desire to achieve financial freedom much earlier than normal.
- **Financial Freedom Society™ - Home Business Membership is ideal for:**
 - Millions of Network Marketers world-wide.
 - Millions of Affiliate Marketers world-wide
- **"How to Retire Quickly" eCourse:** Untold millions need to learn great time and money management techniques, because, though critical, none of us were taught either one in school. **The eCourse is included in both Society Memberships, and it is also sold separately.**

Cost-Recovery Products:

- **Cost-Recovery products** are incredibly rare and provide the very greatest **business advantage**.
- Cost-Recovery products do what they were intended to do, but they also provide one extraordinary bonus...**they save more money, IMMEDIATELY, than they cost the customer.**
- Cost-Recovery products are like standing on the street corner and saying to people who pass by, "Will you give me \$25 for this great product that will do the following things for you? Oh, by the way it will also immediately save you more than the \$25".

Tax Deductible Products:

- Products that can also serve a valid business purpose, and that are purchased and used by a business, provide a tremendous business advantage, because the government helps to pay for the product.
- For Reps and Business Customers in the US, and some other countries, this means that their membership in the Financial Freedom Society could be tax deductible. For many this could lower the cost by 40% or more.

- For Reps this would also apply to your monthly cost for RQ Rep Tools, as well as all other valid business expenses.

NOTE: Always check with your tax advisor to insure the deductions apply to your personal situation.

Simple Product Line:

- In the small business/home business industry most people are part-time. It is a huge advantage if your product line is small and easy to understand.
- RQ only has three products.
- Though they are exceptional in quality and value, they are very easy to understand.

Passive Residual Income:

- Passive residual income that continues after you stop working your business is one of the most priceless benefits of business ownership.
- Customers must keep purchasing your product month after month, even after you stop working your business for you to receive passive income.
- Customers will keep purchasing your product, even in hard times, if they are **Cost-Recovery** products, because they actually improve your customers budget EVERY MONTH.

Our Products are Great for Your Customers and Your Business!

To reward efforts to produce NEW business each month.

Your Monthly Bonus Pool is two percent of the company's entire monthly commissionable volume, which is to be divided by the qualifiers each month.

Use Financial Freedom Society™ - Home Business to build your RQ business.

\$250 of **new** commissionable volume from customer and representative Society Membership fees in the qualifying month.

SHARES IN THE POOL: \$250 of new commissionable volume **earns 5 shares**. For each additional \$50 of new commissionable volume, you earn **1 additional share**. There is no limit on shares. Five new Financial Freedom Society™ - Home Business members will qualify for 5 shares. Every additional member earns 1 more share.

Note: The qualifying period is from the **21st** of one month through the **20th** of the following month.

To reward efforts to preserve existing business and develop leaders.

1st Generation (YOU) - 2%

2nd Generation - 3%

3rd Generation - 4%

4th Generation - 5%

Your Coaching Bonus richly rewards you for keeping your existing customers and reps and for helping serious minded reps anywhere in your downline until you reach a 5th Generation qualifier.

Your **Coaching Bonus**™ helps you build a deep and stable team because it pays you and your team to work with leaders virtually anywhere in your respective downlines.

Upon qualification you will earn an extra 2% of commissionable volume on your entire downline, potentially infinitely deep.

When someone anywhere below you qualifies, they are a 2nd generation qualifier for you. You will continue to earn a 2% bonus everywhere else, but now you will earn 3%, not 2%, on the entire downline of your 2nd generation qualifier until a 3rd generation qualifier is reached.

When someone below them qualifies, they are a 3rd generation qualifier for you. You continue to earn your 2% and 3% bonus, but now you will earn 4%, not 3%, on the entire downline of your 3rd generation qualifier until a 4th generation qualifier is reached.

When someone below them qualifies, they are a 4th generation qualifier for you. You continue to earn your 2%, 3% and 4% bonus, but now you will earn 5%, not 4%, on the entire downline of your 4th generation qualifier until a 5th generation qualifier is reached.

There are NO restrictions on how wide you can build your organization. So, if you had 25 people on your frontline, then it would be possible for you to earn some 2%, 3%, 4% and 5% bonus income in all 25 lines. And, it doesn't matter where (how deep) your qualifiers are located.

Key Reason 5: Financial Strength and Ethics

We are a multimillion-dollar debt-free company doing business in over 150 countries. We have been in business over six years and are proud to be one of the very few companies in our industry to be approved for membership in the Better Business Bureau.

We are known for our ethical approach to business and are respected even by our competitors because we teach our Reps NOT to try to get folks to leave other businesses to join ours.

Key Reason 6: Our Affordability

Our most expensive product is **Financial Freedom Society - Home Business**. It is **ONLY \$57 a month**, and tax deductible, which lowers the REAL net cost to about \$35 a month. Financial Freedom Society - Home Business is an extraordinary value for any small business owner.

Our standard **Financial Freedom Society** membership is only **\$25 a month**. Hundreds of millions of people can now afford help managing their money and time from a Chartered Financial Consultant.

Both memberships include a powerful set of online money and time management tools. And, as a wonderful bonus, they include Web Conferencing, the Power Buyer's Club, and the Retire Quickly Travel Club, which can save you more than the monthly membership fee. **It doesn't get any more affordable than that.**

Becoming a Rep is also very affordable with a monthly Rep Services Fee of only \$10 plus an annual fee of \$10. Take advantage of our 10-Day No-Risk offer and enjoy the benefits of our **Training** and **Support, Mission, Products, Pay Plan, Financial Strength** and **Ethics** with our **Affordable Products** and **Business**.
